

**NOTICE TO PROFESSIONAL ENGINEERING CONSULTANTS
REQUEST FOR LETTERS OF INTEREST FOR
CONSTRUCTION COORDINATION AND INDEPENDENT ASSURANCE CONSULTANT
CONTRACT NO. 001055**

The Central Florida Expressway Authority requires the services of a Professional Engineering Consultant to provide Construction Coordination and Independent Assurance Consultant services required by the Authority for Contract No. 001055 in Orange County, Florida. The Authority has a core staff of CEI / Design management personnel and is seeking a firm who will provide support personnel for the Authority on the I-4/S.R.408 Interchange Project. Support personnel required by the Authority may include, but are not necessarily limited to, Resident/Sr. Project Engineer, Senior Project Administrator, Design Review / Post-Design Services Project Manager and applicable Post-Design Services Review Staff.

The selected consultant shall provide a resource pool of qualified professional, technical and administrative personnel, in the required numbers and at the required times, to assure that services and responsibilities assigned under the Scope of Services are effectively and efficiently carried out. It is anticipated that Construction Coordination and Independent Assurance Consultant services will be required for senior oversight and coordination of roadway, bridge, and intelligent transportation systems. These services will be provided for the I-4/S.R.408 Interchange project as directed by the Authority.

Shortlist consideration will be given to only those firms who are qualified pursuant to law, and as determined by the Authority, based on information provided by the firms, and who have been pre-qualified by FDOT to perform, as a minimum, the indicated Types of Work.

MAJOR TYPES OF WORK: As a minimum, the consultant shall be prequalified by FDOT in the following types of work: Groups 3.2, Major Highway Design; Group 3.3, Controlled Access Highway Design; Group 4.2.2, Major Bridge Design – Steel; Group 10.1, Roadway Construction CEI; Group 10.5.2, Major Bridge CEI – Steel; Group 11.0 Engineering Contract Administration and Management.

ADDITIONAL TYPES OF WORK REQUIRED: The consultant shall also be prequalified on its own or through Authority-approved subconsultants, in the following work types: Group 4.1, Miscellaneous Structures and Minor Bridge Design; Group 6.3, Intelligent Transportation Systems Analysis, Design, and Implementation; Group 7, Traffic Operations Design.

DESCRIPTION: The work consists of providing Construction Coordination and Independent Assurance Consultant services for the I-4/S.R.408 Interchange including; but not necessarily limited to oversight of construction of roadway, bridge, landscaping, highway signing, roadway lighting, drainage modifications, utility, and ITS system. The consultant shall also provide post design services including; but not necessarily limited to, monitoring schedules, design plan review, attendance at meetings, conduct field visits, review and approve shop drawings and requests for information.

The selected firm and/or its subconsultant(s) shall not enter into any other contract with the Authority during the term of the contracts which would create or involve a conflict of interest with the services to be provided.

LETTERS OF INTEREST SUBMITTAL REQUIREMENTS: Consultants wishing to be considered shall submit six (6) sets of a Letter of Interest package utilizing Times New Roman font, 12 pitch, single spacing and one (1) compact disk with an electronic version in pdf format with a resolution of 300 dots per inch (dpi). The Letter of Interest shall be a maximum of five (5) pages (8½” x 11”), excluding resumes and attachments identified below. The responses shall address the following:

1. Technical Experience – Demonstrate that the firm and any proposed subconsultants have the ability to perform the work effort required by the Authority. Submit details of specific experience for at least three (3) projects similar to those described above completed by the consultant’s Resident/Sr. Project Engineer, Sr. Project Administrator, and other key project team members including the name of client contact person, telephone number, and physical address;

2. Proposed Staffing – Ability, quality, experience and cooperativeness of the proposed individuals of the firm and proposed subconsultants to perform the required services. Detailed resumes of the firm’s proposed Resident/Sr. Project Engineer, Senior Project Administrator, and other key personnel presently employed by the firm who will be assigned to the project, as well as resumes of subconsultants that may be involved in key roles, shall be provided. Resumes shall include no more than three client/owner references for all proposed personnel for the past 5 years and availability date for each individual. The firm’s Resident/Sr. Project Engineer shall have at least five (5) years of experience on CEI contracts. Resumes do not count against the 5 page limit;

3. Project Approach - Provide a narrative describing the firm’s understanding and approach to delivering the CEI services. In addition to the narrative, provide a proposed project organization chart including subconsultant personnel and a matrix summarizing proposed personnel experience on similar projects including registrations/certifications. The chart and matrix do not count against the 5 page limit;

4. Location of the Firm – To receive the maximum number of points, the firm’s local office shall also serve as the firm’s corporate headquarters. Identify which situation describes the location of the firm’s corporate headquarters: 1) A local corporate headquarters serving as the local office; 2) A sub-local corporate headquarters with a local office; 3) An out of state corporate headquarters with a local office; 4) An out of state corporate headquarters with a sub-local office; 5) No offices within the state. Local is defined as within a 30-mile radius of the Authority’s Headquarters Building. Sub-local is defined as within the state of Florida, but outside a 30-mile radius of the Authority’s Headquarters Building.

5. M/WBE Utilization – Demonstrate the firm’s good faith effort to meet the participation objective for this project which is 15%. Participation equal to or exceeding 20% will receive the highest score. Firms that are submitting as the “prime” consultant and are certified M/WBEs will not be allowed to use that status to satisfy the participation requirement. Such firms are still required to propose a percentage of participation using other certified M/WBEs and will be scored based on that percentage.

6. Current and Projected Workload – Indicate ability of staff to manage a COS assignment and indicate, as a percentage, the current/projected workload of current staff. Indicate the total number

of firm's professional, technical and administrative personnel by discipline, location and office responsible for administering the contract.

7. Volume of Work Previously Awarded – The firm shall submit with the Letter of Interest a list of all direct contracts of any type, both active and completed, between the Authority and the firm during the past five (5) years. The list shall have column headings showing the project name, the firm's Resident Engineer/Project Manager, the project fees, the estimated remaining or final budget amount (exclusive of subconsultant fees associated with the project) as of the date of submittal of the Letter of Interest, the percent complete/status, and any comments relative to the project. The object of this criterion is to effect an equitable distribution of contracts among qualified firms provided such distribution does not violate the principle of selection of the most highly qualified firms. This list does not count against the 5 page limit.

Failure to submit any of the above required information may be cause for rejection of the package as non-responsive.

Each firm will also be evaluated based on past performance on Authority projects only. Items considered will include the quality of work product, whether the project was completed within negotiated fee and the ability of the Authority staff to work with the firm's staff.

SCORING AND SHORTLISTING: The Authority's Evaluation Committee will shortlist a minimum of three (3) firms based on its evaluation and scoring of the Letters of Interest. Past performance on Authority projects will also be considered as indicated above. Scores for each category identified above will be determined using a weighted system. Each category has been assigned a weight factor that will be multiplied by a grade to determine the score. The assigned weights to each category are as follows: Technical Experience (8); Proposed Staffing (10); Project Approach (6); Location of Firm (3); M/WBE Utilization (3); Current and Projected Workload (3); Volume of Work Previously Awarded (-2). Grades for each category will be between 0 and 4. Scoring of Past Performance will have a weight of 4 and a grade range between -2 and 2. If the Committee member has no knowledge of the firm or its past performance on Authority projects then the grade shall be zero.

Shortlisting of firms will be based on converting each Committee member's Total Score into a ranking with the highest score ranked first, second highest ranked second, etc. Once converted, the Committee members' rankings for each firm will be entered into a summary sheet. The Total Score recorded on the summary sheet will determine the ranking and shortlisting. Shortlisted firms will proceed to the next step in the process which includes an interview with the Evaluation Committee. The scores from the interviews will be added to the scores for the Letters of Interest and the highest ranked firm will be presented to the Authority Board for approval and award of the contract.

CODE OF ETHICS: All consultants selected to work with the Authority are required to comply with the Authority's Code of Ethics, a copy of which may be viewed on the Authority's web site at www.expresswayauthority.com.

CONFLICT OF INTEREST: If selected, the consultant, during the term of its agreement with the Authority, will not be eligible to pursue any advertised construction engineering and inspection projects of the Authority as either a prime or subconsultant where the consultant participated in the

design of the projects. Subconsultants are also ineligible to pursue construction engineering and inspection projects where they participated in the design of the projects.

EQUAL OPPORTUNITY STATEMENT: The Central Florida Expressway Authority, in accordance with the provisions of Title VI and Title VII of the Civil Rights Act of 1964, hereby notifies all firms and individuals that it will require affirmative efforts be made to ensure participation by minorities.

MINORITY/WOMEN/DISADVANTAGED BUSINESS ENTERPRISE PARTICIPATION: Minority/Women/Disadvantaged Business Enterprises will not be discriminated against on the basis of race, color, sex, or national origin in consideration for qualification or an award by the Authority. The Authority has established a 15% participation objective for M/WBE firms for each project.

NON-SOLICITATION PROVISION: From the first date of publication of this notice, no person may contact any Authority Board Member, Officer or Employee or any evaluation committee member, with respect to this notice or the services to be provided. All such requests for information shall be made to the Authority Contact Person indicated below. Refer to the lobbying guidelines of the Authority for further information regarding this Non-Solicitation Provision.

LETTER OF INTEREST RESPONSE DEADLINE:

September 2, 2014, 1:30 p.m., Orlando local time as shown on the time/date stamp clock at the receptionist's desk in the lobby. The clock will serve as the official instrument to determine when a Letter of Interest (LOI) is received. A LOI that is received after the date/time specified will be rejected. The Proposer acknowledges that rejection of its LOI under those circumstances shall not be the basis of a protest pursuant to the Authority's Procedure for Resolution of Protests.
