CFX has determined that the use of the request for proposals process is in its best interest for this solicitation and that the selection of a contractor based solely on the lowest price (invitation to bid process) is not practicable. The RFP process provides the opportunity for CFX to review and evaluate information that CFX feels is important and necessary to ensure that the selected proposer has the requisite qualifications, experience, and understanding of the project objectives from both a corporate and staffing standpoint to protect the health, safety and welfare of motorists. Review and evaluation of these criteria is not available using the invitation to bid process.
